On behalf of the faculty, students, and families of Northwestern Middle School, we would like to thank every member of your organization for supporting our students. All of our students and their families were extremely excited when they received the gifts and gift cards.

Consistently, members of your organization have supported our less fortunate students and their families and that is something you should be proud of. Many of these families would not have had some of these items, which many of us take for granted, if not for your generosity and support.

Thank you for your efforts to support our students, their families, and to simply care enough to organize this vast undertaking to support the less unfortunate. Your generosity helped many families have a much better holiday season. It is also a testament to your philanthropic spirit and the impact that a few can have on many. Thank you!

Godspeed,
