

January 8, 2019

Dear Mike Shreve and the Bright Holidays Committee,

Thank you for being a “blessing” to the families at San Jose Elementary School. Our families were very appreciative of your generosity with the holiday presents and gift cards. They were “surprised” with the amount of gifts they received and that they were already wrapped. All of our families expressed their sincere thanks for making their holiday season special for their children.

As a Faculty and Staff we appreciate that there are organizations like yours that make the holiday season extra special for the students at San Jose Elementary.

Sincerely,

Sonia B. Jones

School Counselor
